

## Course Application Entering Research (SCI 397B&C)

Entering Research is a 2-semester (1-unit per semester) course for undergraduates who are beginning an independent research project. Students will need to line up a research experience by the second week of the Fall semester and be participating in the research concurrently with the course.

In Entering Research, students will meet weekly to share their research experiences. In the first semester, students will learn about the roles, responsibilities and relationships that make for a successful research experience as they craft a research proposal about their project. During the second semester, students will focus on communicating and presenting their science, culminating in the writing of a mini-grant proposal.

**Space is limited for this course and requires an application.** Please fill out the (attached) form. There are two ways to submit your application:

-Email the document to Nathan Lysne ([nlysne@email.arizona.edu](mailto:nlysne@email.arizona.edu))

The sooner you can return the application, the more likely we can guarantee a spot in the class. *The final deadline for Fall 2017 Applications is Friday, September 1st!*

### Applicant Information

Name:

Email Address:

Phone Number:

Major:

Minor:

Year in School:

GPA:

**If known, tell us about the research experience you will be participating in this fall (you will need to have this information by the 2<sup>nd</sup> week of classes):**

Research Mentor's Name:

Research Mentor's Department:

Research Mentor's Email:

Research Topic:

**Why would you like to take this class/what are you hoping to get out of it?**

**Do you have any previous research experience (if yes, please explain)?**

**Please write down or attach a table/picture of your 9am-5pm weekday schedule for the Fall semester, if known. We will use students' schedules to find a class time (50 minutes/week) that works for everyone in each section.**

Feel free to email any questions to Nathan Lysne (nlysne@email.arizona.edu)
