Gain Research Experience and Learn about Health Disparities in Arizona

BLAISER is a 10-week, cutting edge, undergraduate research experience with a laboratory training opportunity, pairing junior and senior level student-scholars with preeminent UA health science researchers.

Program Dates: June 7- August 11, 2021

STUDENT ELIGIBILITY
- Current Junior or beyond
- Cumulative 3.25 GPA
- Special attention to Latinos, Native Americans, African Americans, or populations that are underrepresented in the biomedical and health sciences, and Arizona residents
- U.S. Citizen/U.S. Permanent Resident card holder

STUDENTS MAJORING
- Biology, Chemistry, Physiology, Microbiology, Engineering, Computer Sciences and/or similar fields.

PROGRAMS HIGHLIGHTS
- Mentorship from a UA biomedical researcher or medical scientist working on translational research
- Gain hands-on experience conducting research
- Learn about Minority and Border Health Disparities
- Travel to Nogales AZ and Sells AZ in order to learn about health disparity issues in the border region
- Master the medical and graduate application process
- Enhance your GRE and MCAT skills
- Create and present a research poster

The Application is now Open!
