

THE UNIVERSITY OF ARIZONA

College of  
Veterinary Medicine

*Join an award winning, innovative and collaborative interdisciplinary team as*

# Research Assistant

- Join our team as a Research Assistant with the Organization for Human-Animal Interaction Research and Education (OHAIRE: <https://vetmed.arizona.edu/research/human-animalinteraction/oaire>).
- Creative, organized, and enthusiastic individual with excellent communication, interpersonal and team skill sought to join our team.
- Work directly with research participants nation-wide through an NIH-funded clinical trial of veterans with posttraumatic stress disorder (PTSD) and their families.
- Build the evidence base underlying service dog partnerships for veterans with PTSD.

**This is a full time, 40hr/week position (not like our undergrad RA position) and would be great for someone recently graduated. Start date is flexible for those who have a Winter or even Spring graduation date. Full benefits eligible!!**
