SEEKING RESEARCH ASSISTANTS!

The OHAIRE Lab is looking for undergraduate student research assistants (RAs) for the Fall 2023 semester.

RAs will work closely with the graduate students, staff, and other undergraduates. RAs will have the opportunity to assist with multiple ongoing projects.

Apply now for General RA position!

- 10 hours/week commitment
- 3 research credit hours/semester
- Excellent attention to detail & organization needed
- Previous research experience is not required
- Students should be interested in the general functioning of a productive research group, science communication and human-animal interaction.
